Forecast For East of England
Issued by Met Office Exeter
at 0400 on Wednesday 07 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and less cold today with some sunshine.

Today:
A cold, dry and frosty start to the morning, but plenty of early sunshine on offer. Turning cloudier by the afternoon, but remaining dry with bright or sunny intervals. Feeling less cold with lighter winds than of late. Maximum temperature 9 deg C (48 deg F).

Tonight:
Dry and cold with long clear spells this evening leading to a widespread early frost. Turning cloudier in the west later in the night, but staying dry. Minimum temperature -4 deg C (25 deg F).

Thursday:
Becoming mostly cloudy across the region by early morning, though probably remaining dry. Sunny spells developing into the afternoon, perhaps with the odd shower. Feeling much milder. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:
Early cloud and rain clearing to colder, but sunnier conditions Friday. Rain returning overnight, perhaps lingering through Saturday before turning colder and breezier again by Sunday, with some wintry showers.
